

# Gardom Lake Update

## January 2021

## Summer Camp

January is always an exciting month as we look forward to the coming camp season. This year things look different; but we are still excited.

While we don't yet know how we will be allowed to operate for summer camp, we have made plans to go forward with camp in some capacity whether it be our usual overnight, day camp, and/or family camp. We will make this decision in February and will open up registration at that time.

(Watch for our coming update!)

### Support

Here is a list of things that you can do to support Gardom.

- Pray, we need so much prayer.
- Come join us! Gardom has always been a camp run on support from the community of Christ. Come volunteer for a day with the family or consider joining our summer team, or tap the shoulder of someone who may want to join our team. Email [lucas@gardomlake.ca](mailto:lucas@gardomlake.ca) if you are interested in volunteering.
- We are looking for lifeguards!
- Starlink Internet

## Staff

We are hiring! Staff Applications are open for the 2021 spring/summer. Applications are open but we are not making any decisions yet. No matter what Gardom will continue to need loving volunteers to serve through our busy ministry season.

## Gardom Internet!

Gardom is very excited to share that we have been approved for the Starlink program. Starlink is an internet program designed to get internet into places that struggle with connection. This describes us perfectly. If you have ever been on site then you know that Gardom Lake has terrible internet.

For years lack of internet has been a detriment to our ability to take on certain groups and our ability to operate efficiently and has caused many inconveniences to our rental groups.

Starlink equipment is not cheap but the benefits are very big. Please consider partnering with us and helping us to improve our site.
